

Expressions of Interest

Health and Age constraints have reluctantly necessitated the need to call for expressions of interest for the sale of Dunwich Airfield, North Stradbroke Island Qld. (ref to ERSA).

This includes a lease with 18 years to run with the Qld Government (we have applied for an extension).

Facilities include a club house, storage/work area, machinery and equipment. On site vans are available for temporary accommodation.

The Head Lease covers 148 hectares and has a draft survey plan with 40 hangar lots, ten of which are currently leased.

Offers considered above \$450,000.

Lease documents, financial statements and further details are available on request.
