

Plane makes emergency landing in Warnbro

PerthNow

January 7, 2018 8:11PM

UPDATE: A small plane has been forced to make an emergency landing in Perth's southern suburbs. The single-engine plane, which was carrying only the pilot, landed on a salt lake in Warnbro this afternoon. No one was injured. It is understood pilots practice this type of landing on the lake. The plane is believed to have experienced some sort of engine problem. It will be flown out of the area tomorrow.
