Hello and Welcome to the first issue of the AirCentre New Flash from the Archerfield News Desk where aviation history is recorded for all those persons who fly-in, pilot or enjoy the ownership of light aircraft.

Excitement mounts amongst the fliers on the airfield as an unusual, for Australia, W.W.II fighter aircraft takes shape in a local hangar and prepares for flight.

To day the wings were mated to the fuselage of this warbird and as flight time approaches you will be advised, ....so stay connected!

If you need further details and what is happening at the airfield, check out the AirCentre News link below.
