

Subject: AF News Flash Issue 17  
Date: Tue, 21 Nov 2000 18:18:51 +1000

Hello and Welcome to another Issue of the AirCentre News Flash where aviation history is recorded for all those persons who fly in, pilot or enjoy the ownership of light aircraft.

This Issue had been released along with Week Four of the November AirCentre News which now sports a re-furbished page presentation. This new look web page has up-to-date articles on local news from around Archerfield and other interesting bits about light aircraft aviation news.

In Week Four read about the "Balham Road Extension Project" that is about to commence on the northern boundary of Archerfield. There is also various articles on how the OZ news media got stuck into "our" ex-heavy and now light aircraft flyer/pilot and CASA boss, Mick.

It makes interesting reading when the supposed upholder of the law has err'd and broken the law.

That must make him human like the rest of us!

Knowledgeable pilots know that there is always some sort of law that can be broken (knowingly or unknowingly) when one goes, or even tries to go, for a fly!

As mentioned also in issue 15 of the News Flash, a special welcome to all the new recruits who will be receiving this issue for the first time. There is a slow but steady expansion of interested persons nominating to receive these News Flash's, even if there is not much to "flash" about!

Enjoy your flying and reading, ..don't let the weather get/set you down..

Non local readers note:- it's been raining on-and-off for about two weeks here at Archerfield after what has previously been an extended period of good flying weather!

Don Martinez
