

Subject: AF News Flash Issue 19
Date: Fri, 05 Jan 2001 11:06:17 +1000

Hello and Welcome to another Issue of the AirCentre News Flash where aviation history is recorded for all those persons who fly in, pilot or enjoy the ownership of light aircraft.

This Issue is released to advise you of the latest developments at Archerfield and of the recent attitude change by the Airport Owner.

Yesterday, just before noon, a Cessna C150 was "Wheel Clamped" by Archerfield Airport Corporation for non-payment of fees and charges.

This News Desk has been advised by one of the part owners of the aircraft that the reason for non payment was another counter claim on the AAC for aircraft damage resulting from the poor condition of taxi ways on the airport.

It is also understood the outstanding fees have now been paid, but the situation remains unresolved at issue time of this News Flash.

The matter has now been transferred to the legal profession for action.

The recording of aviation history continues about Archerfield, check out the news as it happens at the AirCentre News Breaking site:-
