

Subject: AF News Flash Issue 3
Date: Sat, 09 Oct 1999 13:52:50 +1000

Hello and Welcome to another issue of the AirCentre New Flash from the Archerfield News Desk where aviation history is recorded for all those persons who fly-in, pilot or enjoy the ownership of light aircraft.

This message is mainly for the Brisbane "locals", my apologies for our overseas viewers for another "News Flash"; that makes it two for this week!

For those of you who are interested and requested details on the next visit, ...well, the GoodYear Blimp is back.

At noon to day, Saturday, the blimp was "parked" (how do you park a lighter than air machine) on the western side of Archerfield.

The movements are unknown to this news desk at this point in time. If you wish to view the aircraft, contact the control tower on phone number 3275 8230.

Remember, the call is monitored and the tower can be busy at times, be quick with your request, like "is the GoodYear blimp still on the 'field?", ...don't delay any more than about 15 seconds and don't mention where you got the number from!

The News page will be updated shortly to include a "Week Two and a Bit"

Don
