Hello and Welcome to another issue of the AirCentre New Flash from the Archerfield News Desk where aviation history is recorded for all those persons who fly-in, pilot or enjoy the ownership of light aircraft.

The AirCentre News page has just been up-dated with Week Four.

In this issue you will find the RAAF Roulettes and the reason for their visit to Archerfield, and a new "pop-up" micro-page will be displayed for about 5 seconds with a "sponsor".

In week four also is the recorded drama, via a link, on the CASA verses RQAC on pilot licenses illegally issued and the legal implications that are raised by the court.

For those of you living around the Brisbane area, and consider the RAAF Roulettes a better airshow display team than the civilian Southern Knights formation team in their T6 Texans, then be prepared to visit Archerfield on Sunday November 28.

And if any of you wish to have your name or business displayed for 5 seconds on this now very well known and widely read news page, then hit your reply button and let me know, NOW!

All types of donatrons are acceptable, even cash. Prefer the cash to be in a brown paper bag or envelope and left under the door at the Archerfield office,thanks in advance!!

Well, ..if the high fliers of OZ radio can accept the odd million for favourable comments, then surely the odd "Government owned" bank or airline would find a need to have something nice said about them on this news page, ..don't you think!?

To explain to our overseas viewers, there is a big controversy going on here in OZ at the moment with the popular radio announcers (2 mainly, John Laws and Allan Jones) accepting large amounts of money from corporate businesses in "bribes" to say nice things about their company in "editorial comment"

Just to get the message across a bit more strongly here, all types of bribes are accepted at this news desk, ...and no questions asked!

This informative issue brought to you from your humble opportunist,
Don
